PaperKite
Craft Beer

Malaysian Pride.

If you've ever made a paper kite, you'll remember the countless times you've tried to make that damn kite fly. Risking your fingers to cut the bamboo sticks, bending corners, wasted papers, doing it over and over again.

Till one day, it flew. Out of your hands. Into the sky. Way up high, against the wind. It's exactly how we founded Malaysia's very own craft beer.

Only a few people believe in our journey.

Others say:
"All beer is the same."
"Craft beer so expensive lah."
"Malaysians don't care about craft beer."
"The regulations so gila tight."

Guess what we told them? We say right in their face:
"Go Fly Kite."

Cos if you never try, how'd you know?!
